

**Wellness Partners Hawaii, Inc.**  
MEDICATION MANAGEMENT EQUIPMENT POLICY

TEL/SMS: 808.379.6656  
FAX: 808.379.3750  
EMAIL: [info@wellnesspartnershawaii.com](mailto:info@wellnesspartnershawaii.com)

Aloha,

To better provide comprehensive patient care Wellness Partners Hawaii will begin consistently requesting patient vital signs before medication management appointments. Moving forward, you will be required to have access to a scale and blood pressure cuff for every visit with your prescriber. These instruments are readily available online and at your local drug stores. In lieu of purchasing the equipment you may obtain your vitals by visiting your primary care physician or a neighboring CVS/Walgreens Minute Clinic.

Many psychiatric medications can affect a patients vital signs. As a result, patient vitals (height, weight, blood pressure, pulse) will be requested before each appointment to provide essential baseline data and monitor for future abnormalities. This change will allow your prescriber to increasingly specialize your care and better address your individual medication needs.

Failure to provide the requested vital signs before your medication management appointment may delay your ability to receive your prescription/refill.

Please feel free to contact the office if you have any questions or concerns. Thank you again for choosing Wellness Partners Hawaii, and we look forward to seeing you at your upcoming appointment.

Mahalo,

Dr. Bradley Kuo, DNP, M.Ed., FNP-BC, PMHNP-BC, CARN-AP  
Dr. Abbie Neves, PhD, APRN, PMHCNS-BC  
Dr. Janice Montgomery-Suber, DNP, APRN, FNP-BC, PMHNP-BC  
Katelyn Jones, MSN, APRN, PMHNP-BC  
LeAnn Neilson, MSN, APRN, PMHNP-BC  
Dr. Berkeley Haney, DNP, APRN, PMHNP-BC
